is a proud supporter of the

SPREADING MILES OF SMILES AROUND THE WORLD!

www.shadowbuddies.org

One of the most difficult things about being a child with a chronic condition is the isolation of being different. That's why **Shadow Buddies™** were created. **Shadow Buddies™** help children, their siblings and family cope with their condition. This in turn makes it easier for health professionals to provide appropriate, successful treatment. We invite you to Adopt a **Shadow Buddy™** and help make a difference in a chronically ill child's life this holiday season. **Portfolio** has **Shadow Buddies™** available for adoption for a tax deductible cost of \$12 each to help a child in need.
